ABSOLUTE RESOLUTION RARELY OCCURS BY JOSEF KREBS

Absolute resolution rarely occurs

It's usually the slow drip drip of perhaps

The caution or uncertainty of hope without faith

As the evolution avoids or maybe just doesn't identify itself

As such

And rarely seems to be part of the path

But I guess it's a necessary step
Amongst the madness of everyday plodding and plotting
That rarely comes to fruition
Or conclusion
Expected or otherwise concocted
Conducted to make seeming progress
When the dust always threatens to engulf any achievement
And leave you buried without any words
On your headstone
